The State Revenue Committee of the Ministry of Finance of the Republic of Kazakhstan (the "**SRC**") announced the availability of new versions of the monitoring reporting forms in the Taxpayer's Cabinet of the Integrated Tax Administration System ("**ISNA**").

Available reporting forms

At present, all monitoring reporting forms are available in ISNA, including:

- Form 000.10.1 - Export of oil and (or) gas condensate;
- Form 000.10.2 - Export of goods;
- Form 000.10.3 - International business transactions related to income from works and (or) services rendered;
- Form 000.10.4 - International business transactions involving loans granted;
- Form 000.20.2 - Import of goods;
- Form 000.20.3 - International business transactions related to expenses for works and (or) services received;
- Form 000.20.4 - International business transactions involving loans received.

Reporting deadline

As a reminder, the deadline for submitting the monitoring reporting for 2025 was extended from 15 May to 15 November 2026. In this regard, we recommend submitting the reporting in advance to mitigate possible technical difficulties in ISNA.

How can we help you?

We would be pleased to provide your company with advisory support on transfer pricing matters, including the preparation or review of monitoring report.

You may send our team a separate request via the link on our website.
