### ***The Global Tax Monitor Recognizes PwC as the Leading Tax Adviser in Central and Eastern Europe***

The Global Tax Monitor recognizes PwC as the leading tax adviser in Central and Eastern Europe (CEE), by reputation, with a very strong lead over the competition.

These results are based on the year-ending Q1 2013 figures, with a sample size of 320 primary buyers of tax advice in CEE.

Launched in 2000, the Global Tax Monitor (GTM) is an independent survey conducted by research agency TNS, that examines the competitive position of the top firms in the tax advisory market - globally, regionally, nationally and on an industry basis. It provides a comprehensive measure of firm reputation, client service and brand health, gained currently from just over 3,000 telephone interviews annually with key decision makers (CFOs and Tax Directors) in 37 key markets.
