

This is the 1st Affidavit
of Pierre-Louis Pottie in this case and
was made on 3/April/2012

IN THE SUPREME COURT OF BRITISH COLUMBIA

IN THE MATTER OF THE *COMPANIES' CREDITORS ARRANGEMENT ACT*,
R.S.C. 1985, c. C-36, AS AMENDED

AND

IN THE MATTER OF THE *CANADA BUSINESS CORPORATIONS ACT*,
R.S.C. 1985, c. C-44,

AND

IN THE MATTER OF THE *BUSINESS CORPORATIONS ACT*,
S.B.C. 2002, c. 57

AND

IN THE MATTER OF CATALYST PAPER CORPORATION
AND THE PETITIONERS LISTED IN SCHEDULE "A"

PETITIONERS

AFFIDAVIT

I, PIERRE-LOUIS PIOTTE, Credit Manager, of 935 de La Gauchetiere West, Montreal, in the
Province of Quebec, SWEAR THAT:

1. That I am Manager, Credit Escalations, of Canadian National Railway Company ("CN"),
and as such have personal knowledge of the facts and matters hereinafter deposed to,
save and except where stated to be made on information and belief, and where so stated
I verily believe them to be true.
2. CN provides freight transportation services to the Petitioners, Catalyst Paper Holdings
Inc. and Catalyst Paper (U.S.A.) Inc. (collectively, "Catalyst"). Specifically, from
January 2011, CN transported by rail newsprint paper, paper grind wood, paper printing
and scrap paper from Arizona to various locations in British Columbia, and transported

crude kaolin, newsprint paper, paper flocked, paper ground wood, paper printing, and mixed pulp wood chips from Quebec and British Columbia to various locations. Attached hereto and marked as Exhibit "A" to this my Affidavit is a true copy of a list of those shipments.

3. CN, on behalf of itself and its U.S. operating subsidiaries, provided interline services for an average of \$760,000 per month (full exposure), of which \$460,000 per month represents CN's portion, and \$300,000 per month represents the portion of its U.S. operating subsidiaries, whose payments are guaranteed by CN. Attached hereto and marked as Exhibit "B" to this my Affidavit is a true copy of a list of those interline route patterns.
4. Attached hereto and marked as Exhibits "C" and "D" to this my Affidavit are true copies respectively of CN's Contracts with Catalyst No. 519154-AA and No. 597200-AB.
5. On the filing date CN's unsecured claim amount was \$1.3 million. \$599,000 was paid for freight in transit on that date, resulting in an unsecured claim amount balance of \$701,000.
6. Prior to Catalyst filing for creditor protection in January 2012, as CN's Manager, Credit Escalations, I monitored the amount of accounts receivable incurred by Catalyst, and recommended that CN obtain a bank letter of guarantee to secure its credit to CN because the account had been identified as a high financial risk account. Subsequent to the filing, I have been involved in the collection of freight in transit, reaching an agreement with Catalyst for post-filing credit terms and conditions, resuming rail services at Catalyst locations that had been interrupted on the date of its filing, and monitoring the account to ensure that the account balance stays within the credit limit established.
7. That credit limit established pursuant to the Critical Suppliers' Order and secured by the Critical Suppliers' Charge is \$1 million. Invoices for services are payable 15 days from the invoice date.
8. Catalyst has twice been late in making payment of CN's post-filing date invoices for services under the post-filing date credit arrangements. On Sunday, February 27, 2012, when the account balance reached \$1,266,960, I advised the Price WaterhouseCoopers

Monitor Jamie Cartwright, and received a substantial payment which reduced the account to within the credit limit. On Sunday, March 11, 2012, the credit again exceeded its limit until a payment was received the following day.

9. Attached hereto and marked as Exhibit "E" to this my Affidavit is a true copy of a list of CN's invoices to Catalyst from February 1, 2012 to March 23, 2012. Since the filing date CN has invoiced Catalyst for approximately \$3.8 million, of which approximately \$3.1 million was collected as of March 30, 2012.
10. An average of \$1.95 million of freight is in transit on CN lines for Catalyst at any given time. This excludes all interline traffic while in custody of foreign carriers. This amount was calculated using 2011 historical data, individual transit times, and recorded start and ending event dates.
11. CN does not believe that the Critical Suppliers' Charge is adequate security for the post-filing credit it is being forced to extend to Catalyst, as that credit is not secured by cash or a bank line of credit. CN is concerned about its risk of recovery of that credit if Catalyst fails to successfully restructure, and its assets are liquidated. CN has received no assurances that the realizable value of the assets of Catalyst securing the Critical Suppliers' Charge will be sufficient to fully repay CN's post-filing date credit in the event that Catalyst goes into liquidation.
12. Catalyst could make alternate arrangement for transporting its products with other rail companies, such as BNSF.

SWORN before me at Montreal, Quebec,
on this 3/April/2012.

A Commissioner for Taking Oaths in and
for the Province of Quebec

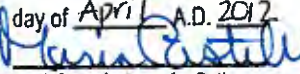

PIERRE-LOUIS PIOTTE
