IFRS 10	<u>New standards addressing scope of reporting entity</u>
IFRS 11	
IFRS 12	IFRS 10, <i>Consolidated Financial Statements</i> , replaces the guidance on control and consolidation in IAS 27, <i>Consolidated and Separate Financial Statements</i> , and SIC-12, <i>Consolidation – Special Purpose Entities</i> . IFRS 10 changes the definition of control under IFRS so that the same criteria are applied to all entities to determine control.
IAS 28	IFRS 11, <i>Joint Arrangements</i> , replaces IAS 31, <i>Interests in Joint Ventures</i> . IFRS 11 reduces the types of joint arrangements to two: joint ventures and joint operations. IFRS 11 requires the use of equity accounting for interests in joint ventures, eliminating the existing policy choice of proportionate consolidation for jointly controlled entities under IAS 31. Entities that participate in joint operations will follow accounting much like that for jointly controlled assets and jointly controlled operations under IAS 31.
IAS 27	IFRS 12, <i>Disclosure of Interests in Other Entities</i> , sets out the disclosure requirements for entities reporting under IFRS 10 and IFRS 11, and replaces the disclosure requirements currently found in IAS 28, <i>Investments in Associates</i> .
	IAS 27 is renamed “Separate Financial Statements” and deals solely with separate financial statements, the guidance for which remains unchanged.
	Effective for years beginning on/after January 1, 2013.
