	<u>Fair value amendments</u>
--	------------------------------

Amended to delete definition of fair value in paragraph 4600.05(I) and to require a pension plan to follow the fair value measurement guidance in Part I of the Handbook (i.e. IFRS) in determining fair value for its investment assets and investment liabilities. This change is a result of the issuance of IFRS 13 *Fair Value Measurement* in Part I of the Handbook in November 2011. Consistent with this change regarding measurement, the recognition requirements in paragraph 4600.18 have been amended to refer generally to either Part I or Part II of the Handbook. Paragraphs 4600.38-.39 have been amended and paragraphs 4600.40-.41 have been added to deal with a pension plan's transition to the amended requirements.

Effective for years beginning on/after January 1, 2013.

Paragraph 4600.32(a)(ii) and an Appendix have been added to clarify that the fair value disclosures in paragraphs 27-27B of IFRS 7 *Financial Instruments: Disclosures* that were deleted as a consequence of incorporating IFRS 13 *Fair Value Measurement* into Part I of the Handbook will continue to be required for pension plans applying the measurement requirements of IFRS 13.

Effective at the same time as the fair value amendments to CICA 4600 noted above.
