Expert Solutions for the Leasing Sector

PricewaterhouseCoopers Czech Republic has a multi-disciplinary service team specialising in the particular needs of the domestic leasing, hire purchase, consumer credit and factoring markets. PwC is a member of the Association of Leasing Companies in the Czech Republic and actively participates on the Accounting and Tax Committee.

We provide audit services to 18 customer finance companies providing leasing, factoring and customer finance services in the Czech Republic, including three of the top five largest leasing companies.

Our portfolio of leasing companies covers over 40% of the leasing market (measured by net book value of leased assets as at 31 December 2003).

Our extensive experience in serving a wide range of clients, combined with our participation in the leasing association and the PwC Global leasing network, means that we can provide our

clients with robust and practical assurance and advisory services to help you to at least maintain your position in the increasingly competitive domestic leasing market.

In addition to assurance services we also provide specialist advisory services covering a wide range of services. As one of the leading providers of transaction support services in the Czech Republic, we have extensive experience not only in due diligence work but also in providing assistance at all stages of a transaction including deal closure and completion.
