

## PricewaterhouseCoopers' parking facility

PricewaterhouseCoopers' parking garage can be accessed without charge through either the tunnel adjacent to Ilmarinen or from Itämerenkatu street approximately 50 m west of the Metro and tram stops.

From Länsiväylä (approaching Helsinki downtown from the west) take the exit ramp on the right immediately after the bridge (before the traffic lights at Porkkalankatu street). At the end of the ramp turn left and go under the bridge after which turn right into the parking complex tunnel (indicated by the yellow number 1 in the picture below). Entry into PwC's parking area is the second ramp on the left.

From Itämerenkatu street turn into the parking garage entry ramp (indicated by the yellow number 2 in the picture below) by crossing the pedestrian walk (between S-Market and the shopping center). PwC's parking is on level -2.

There are 3 parking places reserved for visitors on level -2 just inside the gated area (security personnel monitor the gated area from 7:30 am and can be accessed using the intercom). Other available parking places outside the gated area on level -2 may also be used by visitors.

PwC's reception on the ground floor (level 1 in the elevator) is best accessed through door A (not S-Market). Security will open the door to the elevators remotely when contacted using the intercom.
