"PricewaterhouseCoopers" refers to the Romanian firm of PricewaterhouseCoopers or, as the context requires, the network of member firms of PricewaterhouseCoopers International Limited, each of which is a separate and independent legal entity.

EORI (Economic Operator Registration and Identification) numbers already granted remain valid (see our newsletter dated 4 March 2009).

Operators not established within the European Union, but who carry out customs operations in Romania (i.e. free circulation), are allowed to obtain an EORI registration number.

It is also recommended that companies check that their customs representatives have an EORI registration number.

Our newsletter is based on Order No. 1,554 approved by the vice-president of the National Agency of Fiscal Administration ("Order"), establishing the technical norms for the registration and identification of economic operators and other persons. The Order abolishes Order No 691/2009.
