The authorities have established a registration procedure and the conditions to be fulfilled by economic operators (other than authorised warehouse-keepers and registered traders) engaged in wholesale or retail trade of leaded / unleaded gasoline, diesel, kerosene and / or liquid petroleum gas.

The procedure also specifies the competent authority to analyse applications for registration and to issue commercialisation certificates. These certificates may be revoked or suspended in certain situations by the same authority.

The economic operators have the obligation to fulfil the procedure within 90 days of the publication date.

Our Tax and Legal Alert is based on Order No 1,378 published on 24 August 2009.
