John May joined the firm in 1996 as an experienced hire and relocated from PwC's Washington DC office to Boston in 2000. Prior to joining PwC, he worked as both a senior auditor and financial analyst at a government contractor. Mr. May has over 15 years of long-term government/commercial contract accounting and compliance experience and focuses on clients in the aerospace and defense, as well as information technology industries. He has demonstrated a wide range of skills including disputes resolution, litigation support, process improvement and business analytics.

Mr. May graduated with a Bachelor of Science degree from George Mason University. He is a Certified Public Accountant in Virginia and Massachusetts.
