

Expand your horizons

Career opportunities in the Channel Islands

Are you fully qualified with 3+ years audit experience? If so, and you're looking for overseas opportunities, you can apply to join us as an experienced accountant.

The Channel Islands are a great place to start or continue your career and further develop your strengths and experience. We've clients in the transport, telecommunications, hospitality and leisure, utilities and construction industries. But you'll also get world class experience working in Financial Services (FS). With us prior experience in FS is not a requirement for qualified accountants and we've a great track record of getting new colleagues up the curve quickly: You'll be armed with all the support you need to feel confident you can hit the ground running working on our leading global clients.

If you're looking to get some great career experience and build valuable expertise without the city commutes, it's time to give working in PwC CI some serious thought.

You'll get an attractive remuneration package including a competitive salary, a minimum of four weeks annual leave, paid overtime and opportunities to progress your career following our development programmes. Working in a supportive and friendly environment with many social events, you'll find settling in is easy.
