PwC refers to the PwC network and/or one or more of its member firms, each of which is a separate legal entity. Please see www.pwc.com/structure

At PwC, our purpose is to build trust in society and solve important problems. We're a network of firms in 157 countries with more than 208,000 people who are committed to delivering quality in assurance, advisory and tax services. Find out more and tell us what matters to you by visiting us at www.pwc.pl

pwc.pl/enforce

enforce[®]

one pulse of risk

Application for:

#risk management

#internal audit

#compliance

#security

enforce[®] helps to build the company's immunological system. Provides prompt information on any risks identified and their impact on the business.

Efficient risk identification

gives management direct access to information on risks in the company, reveals their status in a process flow and indicates who is accountable for action

Simple and fast data presentation

enables collecting information in one place

Informing of the tasks required

the notification system organizes the teams' work and supports compliance with the requirements

Information flow management

establishes the task schedule and allocates responsibilities

Integrated

combining three functions: risk management, compliance and internal audit

Intuitive

user-friendly interface in local language and easy navigation, enables establishing sequence of tasks

Safe

enables effective data access management

Practical

streamlines the teams' work, developed by practitioners for practitioners

Flexible

tailored to the firm's existing documents, the application adapts to the process and not vice versa
