## Kick start your career the PwC way

### What is the aim of our *CareerDeal* programme?

*CareerDeal*, a student-internship programme that has been successfully running for six years, seeks to support you as an accountancy student throughout your university studies whilst preparing you for your future within PwC.

The programme is structured around stepping stones which will equip you with the values and work ethic that truly define what PwC is all about – building client relationships, enhancing values, putting ourselves in others' shoes and sharing & collaborating.

As students, you are our future... we invite you to join the *CareerDeal* programme and look forward to welcome you on board on completion of your *CareerDeal* journey.

### Testimonials

#### Laura Bugeja – *CareerDeal* full-time recruit

"The PwC experience has been outstanding. During the summer work experience, we put into practice the theory we learnt at university over the years. PwC staff were always ready to go the extra mile to help new *CareerDeal* students. I started to build relationships externally and internally; with teams and with clients."

#### Warren Saliba – *CareerDeal* round 4

"The opportunity to go on a 3 week internship at PwC Birmingham has been an enriching experience, which contributed to my self-development both on a professional and on a personal level. It helped me understand how truly global PwC is!"

#### Steve Gruppetta – *CareerDeal* round 5

"The programme gave us a head start in the form of structured sessions in preparation for our final 2 years at university. The professional work environment and gradual integration into the profession is what I've found most valuable."
