Order no. 747/6.12.2007 has been issued by the President of the National Statistics Institute.

The Order establishes the Intrastat thresholds for the collection of statistical data on intracommunity trade for the year 2008. The Intrastat thresholds for 2008 are the same as those for 2007 – i.e. RON 300,000 for arrivals and RON 900,000 for dispatches.

Therefore, if the value of arrivals/dispatches of goods from/to other EU member states in 2007 exceeds the above-mentioned thresholds, traders have to submit Intrastat statements starting with the month of January 2008.

If the thresholds mentioned above are not reached in relation to operations carried out in 2007, but are as a result of arrivals/dispatches of goods in 2008 (compounded), traders should submit Intrastat statements for 2008 only, starting with the month in which the thresholds are exceeded.
