PwC Slovakia reaffirmed as the top audit firm

Bratislava, 6 November 2014 – PwC Slovakia has been reaffirmed as the largest audit firm in Slovakia in 2014 by the reputable economic weekly, TREND. The ranking was released in November and is based on 2013 revenues.

Globally, PwC's revenues for FY14 (ending 30 June) increased by 6% to US\$34 billion. Revenues also increased across Europe, up 4% in Western Europe and 3% in Central and Eastern Europe, despite continued sluggish economic conditions in many European countries.

"PwC is present in Slovakia for more than 20 years. Our success absolutely depends on the talents of our people, their uniqueness and the values they bring to each assignment every day. We are proud to be recognised as the largest audit firm for the second successive year. The growth of Consulting in the Financial Sector, as well as our strengthened position in the Slovak private companies' sector have contributed to our successful ranking." states Todd Bradshaw, Country Managing Partner of PwC Slovakia.
