Photo Release: PwC Consulting and Thai Listed Companies Association Host 2nd Risk Mgt Seminar on ‘Decoding SMAC’

Vilaiporn Taweelappontong, Partner of PwC Consulting (Thailand) Ltd (centre) shared her insights with business sectors on SMAC—the convergence of Social, Mobile, Analytic and Cloud technologies and how the four key technologies will continue to change people’s lives and work operating models as well as business strategies at the SET Building. The seminar event, entitled ‘Decoding SMAC: Emerging Information Technology in a Changing Business World’ was hosted by the Thai Listed Companies Association (TLCA) and covered the essence of Digital Transformation technologies that are increasingly changing the way people engage with corporations, authorities and their communities.
