

IFRS Update 2021

online training

SPEAKER - Gábor BALÁZS,
Partner from PwC Hungary

IFRS latest developments and trends globally and regionally from the internationally acclaimed IFRS expert in collaboration with PwC's Academy in Georgia.

TOPICS

Covid-19 related financial reporting issues

The most obvious impacts of Covid-19 are on the impairment of assets - both non-financial assets and financial assets.

But there are many more accounting implications, such as those related to government grants, leases, deferred tax assets, provisions, fair value measurement, revenue, and how it has affected presentation and disclosure requirements.

IBOR reform

What's new in IFRS standards? - IFRS 15, IAS 38, IAS 37, IAS 1, IAS 16, etc.
