

Harlequin Boutique Hotel Limited, a Bankrupt
(“HBHL”)

Update to Claimants

11 March 2025

Dear Creditors,

We are writing to provide an update on the status of the HBHL matter.

On 25th October 2024 we filed an Application and supporting Affidavit in the matter BRI4/2017 In the matter of the Bankruptcy of Harlequin Boutique Hotel Limited. The said Affidavit exhibited a copy of the Report of the Trustee and the Application sought, inter alia, the Court’s approval of the said Report so that the Trustee could commence distributions in accordance with the claims as adjudicated therein.

A copy of the Affidavit and exhibited Report was posted to the HBHL case website on 25 October 2024. The report (shown as Exhibit GP6, starting on page 109 of the document) provided a comprehensive update on all case matters to 30 August 2024 and the immediate next steps following court approval of the Report. To further aid accessibility we have extracted the Report and posted a copy as a standalone document on the case website.

As the Application has been filed, the onus is on the Registrar of the Supreme Court to set the matter down for hearing.

On 2nd December 2024, with no hearing date having been provided by the Court Registry for the hearing of the Application, Counsel for the Trustee wrote to the Registrar of the Supreme Court and requested that the matter be listed for hearing as soon as reasonably convenient.

Then, on 17th January 2025, with no hearing date having been provided, Counsel again wrote to the Registrar of the Supreme Court and again requested that the matter be listed for hearing.

Like your good selves, The Trustee is anxious to bring this matter to completion and will continue to follow up with the Registrar to obtain a hearing date. The Trustee has also sought assistance from the Supervisor of Insolvency to determine if this matter may be heard more expeditiously.

Yours faithfully,

Dr. Grenville Phillips

As Trustee of the Estate of Harlequin Boutique Hotel Limited, a Bankrupt, and not in his personal capacity.
