### **David Gibbons named to Captive Review Power 50**

**HAMILTON, Bermuda** – PwC Bermuda captive insurance leader David Gibbons has placed in the top 20 of the annual Power 50 list.

The Power 50 is a global list that includes captive leaders from across North America and Europe. The list is based on votes cast by thousands of professionals in the captive insurance industry.

Mr Gibbons commented: "It's an honour to be included again in the Power 50 list which recognises the most influential professionals in the global captive insurance industry. Being in the top 20 is a testament to PwC Bermuda's leading insurance industry expertise and captive specialization as well as the island's continuing position as the largest captive domicile in the world."

The publication says: "Gibbons leads a dedicated Captive Insurance Group at PwC Bermuda and has more than 18 years of experience in insurance, having also worked in Barbados.

"Highly visible within the wider captive industry in Bermuda, he chaired the Bermuda Captive Conference in 2016 and plays a leading role within the Bermuda Business Development Agency (BDA)."
