

Overview of reporting obligations under CSRD

Undertakings included in the scope for mandatory ESG reporting

EU undertakings*

Single entity

- Large undertaking
- Small and medium-sized entity (SME) with securities traded on the EU-regulated markets

Group

- Parent undertaking of a large group (same size criteria on a consolidated basis)

Issuers of securities

CSRD also imposes obligations on non-European issuers whose securities are traded in the EU.

Third country undertakings

- Consolidated information for a group with non-EU parent which has an EU subsidiary meeting the size criteria or an EU branch with turnover > € 40 m; and
- Net turnover > € 150 m in the EU in each of the last two consecutive years
- Transitional provisions allow the consolidation of only EU entities until 6 January 2030.

Large undertaking / group

Exceeding at least two of three size criteria on the balance sheet date of two consecutive financial years:

- € 20 m balance sheet total
- € 40 m net turnover
- 250 employees (average during the fiscal year)

* Special rules apply to small and non-complex credit institutions, captive insurance and reinsurance undertakings

First-time application of CSRD

for **2024**

EU Taxonomy

Article 8 specifying content and presentation of disclosures

- First-time application according to NFRD and CSRD timeline
- Disclosures on taxonomy alignment for:
 - 2022 and 2023 – first 2 climate objectives
 - 2024 and 2025 – all 6 environmental objectives
- KPIs for non-financial undertakings: % of activities aligned with taxonomy (turnover, capex, opex)
