New PwC thought leadership-Continuing Developments in the Taxation of Insurance Companies

PricewaterhouseCoopers' National Insurance Tax Service Group has completed its Insurance Monograph, *Continuing Developments in the Taxation of Insurance Companies: 2011 the year in review.* The monograph provides an overview of developments affecting the taxation of insurance companies in 2011. We have selected for specific review developments of major significance to the insurance industry. In particular:

- Legislation
- Federal
- International
- Multi-state
- Tax accounting

It is important to recognize the impact of these cases and rulings on current income tax filing requirements, as well as future tax planning. The tax consequences are both immediate and far reaching.
