Facing the issues of our time
The New Equation is a community of solvers coming together in unexpected ways.

We’ve all been told what one plus one adds up to. But if you bring together the right combinations of people and technology in unexpected ways then it can be something greater.

At PwC, it all adds up to The New Equation.

**PwC Ghana**

We offer professional services to both the private and public sectors in the following industries:

- Consumer and Industrial Products and Services
- Financial Services
- Energy, Utilities and Resources
- Government and Public Sector

PwC Ghana is a member firm of PricewaterhouseCoopers International Limited, each member firm of which is a separate legal entity. Ghana is an established market with high levels of economic activity and very good growth prospects.

PwC Ghana is located in Accra with a branch office in Sierra Leone, and has over 350 employees and 14 resident partners/directors.
Our audit approach is tailored to suit the size and nature of your organisation and draws upon our extensive industry knowledge. As leaders in the development of non-financial performance reporting we help our clients respond to the need for greater transparency, improved corporate governance and business models based on the principle of sustainability. Every engagement is considered unique and is executed to ensure value creation.

We assist shareholders and other stakeholders by providing an independent opinion and reports that add credibility to financial information.

We assist audit committees in discharging their corporate governance and compliance responsibilities. We provide clearance to group auditors so that they are able to meet group reporting requirements. We also assist management by providing observation and advice on financial reporting and business issues.

Our risk assurance services consist of a portfolio of inter-related solutions developed around the themes of risk, controls and assurance and use skills and competencies that are fundamental to the delivery of a high-quality financial audit. The risk assurance services we offer manage the following four areas of risk:

- Financial/Commercial
- Operational
- Organisational
- Compliance/Regulatory
PwC is the leading provider of tax services worldwide. We understand your business and economic environment and we combine this with specialist tax knowledge to help you navigate complexity. We provide services in the areas of:

- Direct tax
- Indirect taxes
- Transfer pricing
- International tax
- Mergers and acquisitions
- Tax reporting and strategy
- People and organisation
- Company secretarial and immigration services

**As regards accounting, we assist with**

- Preparing the monthly cash book
- Keeping other subsidiary ledgers
- Income statement and balance sheet
- Recording monthly bank transactions
- Submitting the trial balance
- Preparing VAT and withholding tax returns and also statutory financial statements at the end of each accounting period
Our advisory teams have the experience, insights and approaches to support our clients with complex challenges. We focus on the following areas in providing our clients with the insights and impact they require:

**Deals**
Helping clients identify and deliver the deals that accelerate their business strategy and generate value now and in a digitally-powered future. Our services range from COVID-19 business recovery, to portfolio review and strategic planning, to transaction execution and value realisation.

**Transformation**
Helping clients to transform, from strategic repositioning, process improvement, and digitisation to reinventing themselves in the face of fast moving disruption. We support clients in strategy, organisational design, operating model development, digitisation, skills development and capacity building, process re-engineering, change management, and implementation.

**Environmental, Social and Governance (ESG)**
Helping clients reconfigure strategy and operations to improve their impact on the environment and on society and respond to challenges such as climate change, resource scarcity, demographic change and inequality.

**Risk & Regulatory**
Supporting clients across the regulatory, governance, and anti-corruption lifecycle, with trust firmly at the centre. Proactively, we help our clients to address challenges through technical accounting advice, anti-corruption programme design, and regulatory training. We also support clients in emerging stronger from crises through investigations and crisis management.

**Sustainability and climate change services**
Organisations today operate in a complex environment with growing pressures from many angles.

These include the need for transparency from stakeholders; consumer pressure (licence to operate); growing and changing risks to business models and supply chains; and increased competition for efficiency and growth opportunities attained through access to new products and markets.

Our sustainability experts help our clients in defining their sustainability strategy, advising on policy, operational change, risk management, reporting, monitoring and assuring their progress – all through a sustainability lens. We help our clients integrate environmental, social and governance issues into their operations and embrace the challenges of today’s business environment as opportunities for long-term and sustainable growth.
Our Business School has become a preferred non-traditional learning and development outfit for professionals in our quest to build trust in society and solve important problems.

We do this by supporting our clients to set apart with employees with the required success skills with courses tailored to meet their needs and delivered through world class methodologies in practical ways.

PwC’s Business School is therefore focused on delivering relevant learning and development solutions based on this knowledge, as well as offering public courses on selected topics and a wide range of bespoke training solutions tailored to the needs and capacity of organisations.

For more information on the Business School please visit our website: https://www.pwc.com/gh/en/about-us/business-school.html

This publication has been prepared to remind readers of some general important dates for filing tax returns and making tax payments administered by the Ghana Revenue Authority (GRA). The taxes covered are Income Tax - Company Income Tax, Personal Income Tax, Pay As You Earn and other Withholding Taxes; National Fiscal Stabilisation Levy; Value Added Tax, Ghana Education Trust Fund Levy; National Health Insurance Levy; COVID-19 Health Recovery Levy; and Communications Service Tax. Due dates for filing Income Tax estimate and Mineral Royalties returns have also been presented. Additionally, we have provided the due dates for submitting Retirement Contributions reports and making payments to the Social Security and National Insurance Trust and other appropriate approved trustee(s). Additional and substituted holidays have not been shown in this publication. Historically, if a compliance date is declared a public holiday, the working day preceding the holiday is considered by the GRA as the new date for statutory compliance purposes. Although we have taken reasonable care in compiling this calendar, it does not constitute professional advice.
