Mini MBA Programme

What is PwC's Mini MBA Programme?

PwC's Mini MBA training programme is focused on developing the most important business skills.

The training course provides participants with a clear picture of organisations, their structure and management methodology. Participants will have the opportunity to acquire the knowledge that has value and can be used in everyday business activities.

Who is it for?

The training course is intended for managers at all levels in all lines of service, owners of small and medium-sized enterprises and those who intend to start their own businesses.

Managing an organisation or its segment requires specific and very often diverse business skills and knowledge. Therefore, it is very important that managers have the relevant knowledge on company's operations and understanding of company's strategy, human capital, marketing and other operational challenges.

Methodology of training

PwC's Mini MBA Programme is comprised of nine related sessions designed to offer insight into successful business strategies in the modern world.

In the course of these sessions, our professional training team will try to provide a systematic framework based on an award-winning flowchart methodology, practical activities, visuals & videos and a clear structure of organisation management, which will help participants to apply the acquired knowledge in their own organisations. The programme has been rolled out to 14 countries (as at 2019), including the UAE, Russia, Saudi Arabia, Bulgaria, Serbia, Poland, Slovakia and other countries
