# ***New international tax coalition to focus on enforcement collaboration***

In July, agencies from Australia, Canada, the Netherlands, the United Kingdom and the United States [created the Joint Chiefs of Global Tax Enforcement \(J5\)](#) to combat transnational tax crimes and money laundering.

The J5 was created in response to requests from the Organisation of Economic Co-operation and Development (OECD) for greater international cooperation to curb illicit tax practices, including those using cryptocurrencies. The J5 will work collaboratively with the OECD and focus on:

- Developing shared strategies to gather information and intelligence
- Driving strategies and procedures to conduct joint investigations
- Collaborating on effective communications
