Construction services. Four key pillars

1

Claims Management Preparation and Determination

We help construction companies, developers, and government bodies manage contractual claims by enabling compliance with contract terms and deadlines. Our services include time extension requests, delay cost analysis, claim feasibility, and mitigation strategies. With expertise in time and cost claims, we minimize dispute risks and provide strategic solutions for project delays, disruptions, and acceleration.

2

Dispute Avoidance and Alternative Resolution Strategies

To help clients proactively manage potential conflicts, we offer a thorough suite of dispute avoidance services, including independent third-party reviews, expert determinations, mediation, and participation in Dispute Adjudication Boards (DABs).

3

Expert Services in Litigation and Arbitration

Our team has a proven track record in construction litigation, regularly providing expert insights, technical reports, and testimony in both Arabic and English across GCC courts. We are actively involved in local and international arbitration, offering expert testimony in various industries, including infrastructure, residential developments, marine works, and oil and gas.

4

Construction Advisory Services

Our Construction Advisory Services provide a full project lifecycle review, covering governance, procurement, contract management, and change management. We identify design gaps, inefficiencies, and risks, helping to establish compliance with policies and external requirements. We also assess vendor performance, highlighting non-compliance, under performance, and potential penalties, with clear recommendations for improvement.

When your business is on the line, PwC brings the power of our worldwide network – no matter the stage, size or context of the dispute. Backed by **market-leading experience**, our international arbitration experts design a strategy that helps you **move to resolution** swiftly and efficiently.

Quantum experts, industry experts, researchers, economists and local resources form the backbone of our global IA practice, led by seasoned professionals with unmatched skill and the **highest integrity**.

We analyse and assess your case, applying our collective knowledge and experience to deliver for you: a **robust, independent opinion grounded in solid evidence and delivered with authority**.

In an increasingly complex dispute landscape, the PwC team brings unrivaled credentials as **the International Arbitration firm of choice**. Intellectual depth and rigor are the hallmarks of our award-winning practice, with a demonstrated **record of success** for our clients around the world.

Our global expert witnesses have an average of 20 years of experience, and have testified before major dispute resolution institutions across the globe. Informed by **leading-edge analytical tools and innovative methodologies**, we evaluate, interpret and quantify.

We bring expertise in disputes, investigations, breaches of contract, arbitration, fraud, anti-money laundering, anti-bribery, anti-corruption, litigation, compliance and damage calculations.

Where there's uncertainty and complexity, **PwC creates clarity, confidence and trust.**

Everywhere your business takes you a PwC professional in International Arbitration is available to help.

Our testifying experts

Sirshar Qureshi

Sirshar is the Dispute Advisory Centre of Excellence and CEE/CIS Forensic Services Leader. Sirshar has over 30 years of experience which covers many aspects of accounting and financial matters, including loss of profits, construction claims, disputes arising following acquisitions and sales of businesses and insurance claims. Sirshar has led cases related to various industry sectors including construction, real estate, pharmaceuticals, financial services, energy and utilities (as well as renewables) and industrial products.

Sirshar is regularly involved in commercial and investor/state international arbitration cases. He has been instructed to act as an expert on behalf of claimants, respondents and for Tribunals, and as an expert determinant on share purchase agreement disputes. Sirshar has testified over 50 times in international arbitration and litigation cases. He has been instructed by many of the top international law firms and has been listed by Lexology (formerly Who's Who Legal) for the last 14 years and is ranked as a Thought Leader.

Chris Polson

Chris Polson is a Partner with PricewaterhouseCoopers LLP and leads the UK and Canadian Disputes advisory practices. Chris has over 25 years of experience in business valuation, financial advisory services, disputes, and expert testimony. He has been qualified as an expert and provided evidence some 60+ times on business valuation, loss quantification and other financial issues in various courts, before arbitration panels (ICC, UNCITRAL), regulators and other triers of fact. Chris is named as a leading Arbitration Expert by Lexology Index (formerly Whos Who Legal).

Chris's engagements cover a wide range of litigation and dispute matters, including shareholder disputes, contract-related disputes, breach of fiduciary duty, securities violations, post-acquisition purchase price disputes, IP disputes, product liability, insurance claims, and negligent and fraudulent misrepresentation. He is also regularly engaged to act as a neutral arbitrator in commercial disputes and provides financial advisory services in connection with corporate transactions. His past assignments have encompassed a wide range of industries including financial services, technology, pharmaceuticals, manufacturing, transportation, natural resources, real estate, construction, retail and sports franchises.

Javier Lopez

Javier Lopez is the leading Partner and Head of PwC Forensic in Spain. He holds a degree in Business Administration and Management from the Colegio Universitario de Estudios Financieros (CUNEF) and the Universidad Complutense de Madrid, as well as a Master's in Auditing from the Institute of Chartered Accountants of Spain (ICJCE). Javier is registered with the Economists Association of Madrid and holds memberships with several professional organizations including the Forensic Economists' Registry (ReFor), the Association of Certified Fraud Examiners (CFE), and the Institute of Internal Auditors (IAI).

With over 25 years of professional experience, Javier specializes as an independent expert in arbitration and litigation across a range of economic scenarios. His extensive expertise includes providing expert opinions on complex accounting, financial, and economic issues, and calculating compensation in damage claims for breaches or contractual settlements. Javier is also experienced in leading fraud investigations and has developed expert reports involving administrative contracts, price adjustments, and company valuations for both public administrations and private companies.

Angel Muñoz

Angel Muñoz is a Partner at PwC Forensic Services in Spain. He holds a degree in Economics and Business Administration and is a registered Auditor of Accounts at the Official Register of Auditors of Accounts (ROAC). Angel is also a member of the Forensic Economists' Registry (ReFor) and the Institute of Chartered Accountants of Spain.

With over 30 years of experience, Angel has focused his career on financial investigations and serving as an expert witness in arbitrations and litigation proceedings. His services have included advising clients on accounting principles, financial modeling, damages and lost profit calculations, valuations, and fraud investigations. Angel has specialized in acting as an independent expert, providing assessments of economic losses for companies, and has been appointed by both Arbitration Courts and Parties. His industry expertise spans Energy, Construction, and TMT sectors.

Raul Salamero

Raul Salamero is Director of PwC's Disputes and Investigations practice in Madrid. He holds a Bachelor's degree in Business Administration and Law from Pablo de Olavide University in Seville, and he is an expert in financial modeling (CEF). Raul has 16 years of experience in financial investigations and disputes, functioning in advisory and expert witness roles, as well as acting as an independent expert in arbitration hearings and judicial disputes across various economic fields.

Raul is actively involved in both national and international arbitration proceedings, particularly in complex construction, infrastructure, and commercial disputes. He has participated in arbitrations overseen by leading international arbitration courts, including the ICC Court of Arbitration and the London Court of International Arbitration, as well as major Spanish courts. Raul is also a frequent speaker at seminars and conferences on economic expertise in arbitration, organized by prestigious entities such as the Peruvian Institute of Arbitration (IPA) and the Spanish Arbitration Club (CEA).

Sammy Lai

Sammy Lai is a Partner of PwC China. He has 25 years of valuation, forensic accounting, audit, investment, and project finance experience.

Sammy has been instructed as an expert witness and served as a consulting expert in litigation and arbitration proceedings, dealing with valuation, identification and quantum of damages, and accounting disputes in contentious matters.

He has delivered oral and written expert testimony in China and international arbitrations and has prepared expert reports for submission to Hong Kong and Cayman Islands courts, international arbitration and Beijing arbitration centers under HKIAC, SIAC, UNCITRAL and BAC rules. He assisted legal counsel and clients in giving opinion on value / economic losses in relation to infringement of IPs and breach of contracts. Sammy is recognized by Who's Who Legal as an Expert on Financial Advisory and Valuation – Quantum of Damages and an Arbitration Expert Witness .

Sammy has a degree in Chemistry. He is an Accredited Senior Appraiser (ASA) of the American Society of Appraisers, Certified in Entity and Intangible Valuation (CEIV), a Chartered Financial Analyst Charter holder (CFA), a Certified Public Accountant – Delaware (CPA), Accredited in Business Valuation (ABV) , a Certified Fraud Examiner (CFE), Certified in Financial Forensics (CFF), Chartered Global Management Accountant (CGMA), and a member of the American Association of Restructuring and Liquidation Advisors (AIRA).

Sam Kok Weng

Kok Weng has extensive experience in handling contentious matters arising from investigations and corporate restructuring. He also possesses deep domain knowledge in the financial services and payments sectors. Kok Weng is an approved liquidator and leads the Business Recovery Services practice of PwC Singapore. He previously led the PwC Forensic Services practice in Southeast Asia as well as Financial Services practice in Singapore.

Kok Weng has led many complex and multi-locational projects and, on several occasions, worked closely with the Commercial Affairs Department, stock exchanges and regulators. Investigations linked to financial institutions include, among others, private banking frauds, FX trading irregularities, loss of data by a financial institution. In addition, Kok Weng's practical transactional support experience extends over 300 deals and includes merger & acquisition financial advisory, business and financial due diligence for both buy and sell sides and market entry studies.

Kateřina Skryjová

Kateřina is a director overseeing dispute advisory projects and serving as the Chief Operating Officer at PwC's Dispute Advisory Centre of Excellence, based in Prague.

With over 15 years of extensive experience, Kateřina is adept at navigating complex disputes, coordinating advisory teams across CEE, CIS, and globally. She is committed to delivering high-quality dispute services, spanning from preliminary advice to expert testimony. Kateřina's expertise encompasses a wide array of complex accounting, financial, and valuation challenges, including loss of profits claims, construction disputes, post-acquisition issues, and insurance claims. Her skills in project management and coordination of cross-border teams ensure seamless execution of expert reports in both local and international commercial disputes and arbitration cases involving governments or state-owned entities.

Regularly participating in arbitration hearings, Kateřina offers valuable testimony as an expert witness and supports legal counsels and expert witnesses for clients. She is also a recognised speaker, frequently contributing to international arbitration conferences.

Sacha Winzenried

Sacha Winzenried leads the Forensics practice at PwC in Indonesia. Mr. Winzenried has more than 30 years' experience advising clients in the Asia Pacific region, including more than 20 years in Indonesia. He has advised Indonesian and multinational companies on M&A transactions, bond offerings, initial public offerings, strategy, forensic investigations, accounting, dispute and expert testimony.

Sacha has served as an expert in several arbitration proceedings relating to transaction disputes, and particularly accounting in the oil and gas and mining sectors.

Sacha has a Bachelor of Commerce from the University of Western Australia, and is an Australian-qualified Chartered Accountant.

Mahmoud Abougabal

Mahmoud Abougabal is a Partner with PwC, in its Forensics practice, based in Dubai, United Arab Emirates. With extensive experience in the GCC region dating back to 2008, Mahmoud brings a wealth of expertise in construction disputes, delay analysis, and project controls. His professional journey began as a planning engineer, progressing through key roles in project controls for both contractors and employers before transitioning into consulting. Today, he is a highly regarded expert in forensic delay analysis, frequently appointed in high-profile litigation and arbitration cases across the Middle East. Mahmoud's technical proficiency, deep industry knowledge, and bilingual capabilities in English and Arabic make him a sought-after authority in complex construction disputes. Mahmoud is a recognised testifying expert in construction delay analysis, having provided expert reports reports and testimony on numerous occasions before courts in Abu Dhabi, Dubai, and Riyadh, as well as in DIAC and ICC arbitrations. He has been engaged as a lead delay expert in disputes involving some of the region's most iconic projects, including international museums, airports, power stations, and large-scale residential developments. His expertise extends beyond expert witness testimony to broader claims management, project controls, and dispute resolution, where he has advised major contractors, developers, and government entities.

Academically, Mahmoud holds a BSc in Architectural Engineering, an MSc in Construction Law and Dispute Resolution, and an MSc in Project Management of Construction and Infrastructure Projects. His thought leadership is reflected in his published articles, keynote addresses, and panel discussions at leading industry conferences, where he shares insights on dispute avoidance, arbitration strategies, and construction law in the Middle East.

Jacqui Record

Jacqui is Partner at PwC and heads the Middle East Disputes practice. She is a UK Chartered Accountant and Fellow of the ICAEW, bringing over 30 years of litigation and forensic investigation experience across the UK, Middle East and Africa. Jacqui has led the establishment and growth of multiple forensic accounting practices globally and is passionate about growing and supporting diverse teams. She also involved globally with the ERE Pledge, an initiative that promotes women experts in disputes.

She has given expert evidence as an expert forensic accountant in around 90 matters, before arbitral tribunals and courts worldwide, assessing loss of profit and other financial damages working alongside leading global law firms. Jacqui has also served as a local court-appointed expert, supported by her Arabic-speaking team, as well as an expert assessor / tribunal appointed expert internationally. Her key areas of expertise span construction and real estate, hospitality and leisure, oil and gas, as well as complex shareholder, joint venture (JV) and sale and purchase agreement (SPA) disputes; she is also experienced in investor-state arbitrations. Known for her deep understanding of Middle East and African jurisdictions, she is frequently sought after for complex and non-standard disputes in the region.

As a forensic accountant, Jacqui has led large and high-profile investigations in various sectors and regions Involving sanctions, fraud, and cross-border asset recovery. She regularly works alongside legal, accounting, and technology teams from initial inquiry through to prosecution and recovery. Jacqui is ranked as global thought leader for Arbitration, Construction, and Investigations in Lexology's (previously Who's Who Legal) global list of experts.

Gaurav Gulati

Gaurav Gulati is a Partner at PwC India and leads the firm's Disputes Advisory practice across the country. He has over 25 years of experience advising Indian and multinational clients on transactions, corporate strategy, forensic investigations, disputes, and expert testimony.

Gaurav has been appointed as an expert in numerous domestic and international disputes, where he has provided independent opinions on damage quantification, loss of profits, valuation, and commercial transactions. He has testified before both international arbitration tribunals and Indian judicial forums. His experience spans a wide range of sectors, including fintech, railways, construction, real estate, specialty chemicals, energy and utilities, and industrial products.

Recognized as a leading quantum expert and Global Elite Thought Leader by Who's Who Legal and Lexology, Gaurav has also been awarded the Lexology Client Choice Award for Quantum Experts in India for two consecutive years.

He is a Chartered Accountant and has worked both in India and internationally with firms including Ernst & Young, Allianz AG, BMR Advisors, and Accuracy

Pierre Kilian

Pierre Kilian is a Director in PwC Switzerland's Forensic Services practice, where he leads the firm's Dispute Advisory Services. He has over 15 years of experience in forensic accounting, financial investigations, and dispute resolution, and has been appointed as an expert witness in international arbitration and litigation matters.

Pierre has been instructed in cases before leading arbitral institutions, including CAS, ICC, UNCITRAL, LCIA, LMAA, and CRCICA. He specialises in the financial aspects of cross-border commercial litigation and arbitration, with expertise in preparing defendable positions, quantifying damages, assessing strategies, and anticipating and critiquing opposing arguments.

He is particularly recognised for his work in commodity trading, oil and gas, and mining and metals, alongside broader sector experience covering banking and financial services, natural resources, construction, manufacturing, and logistics. He has advised on matters involving commercial disputes, post-acquisition disagreements, valuation disputes, fraud, and expert determinations. Pierre has worked extensively across Europe, Africa, the Middle East, the United States, and Oceania.

He holds an LLM in International Business Law from Queen Mary University of London and an MA in Forensic Accountancy from North-West University. He is a Chartered Accountant in South Africa, the UK, and Switzerland, and a Certified Fraud Examiner with the Association of Certified Fraud Examiners.

PwC's IA credentials span scores of complex cases, with demonstrated results for our clients
