

DipIFR training programme

Package 3 - Study Plan

ACCA DipIFR "All-inclusive package"

with self-paced learning plus 12 live online sessions including two tutor-led practice exams and six tutor-led exam focus sessions

The package is designed to develop your knowledge and understanding of International Financial Reporting Standards. You will learn how to apply them and get acquainted with the concepts and principles which underpin them.

The course combines individual self-paced learning with live online sessions and will prepare you for the international ACCA DipIFR exam in June 2024.

Important notes:

You will have access to the learning materials in the PwC's Learning Management System following payment of the invoice.

By the time of the first practice exam, it is highly recommended to accomplish all video materials (Foundational learning modules – Part 1, Foundational learning modules – Part 2, and Advanced learning modules). **This is key to your exam success!**

The Energiser sessions offered in the self-paced learning phase are designed to give you the opportunity to ask any questions you may have.

This document sets out the time schedule of your DipIFR learning journey.

Programme kick-off (recorded)

Start your DiplIFR journey with the pre-recorded kick-off session.
