*Dear colleagues,*

*The oil and gas industry is facing a difficult environment today and energy executives need a plan to consider the future.*

*Our recent publication, "New Energy Futures" evaluates four perspectives, highlighting some of the fundamental trends to help companies navigate oil and gas over the next 5-15 years. Meanwhile, in this edition we also feature our survey of Banking and Capital Market CEOs as well as our global FinTech report.*

*I would also like to take this opportunity to introduce PwC Indonesia's recently established Actuarial Services practice which is ready to serve the actuarial needs of business in Indonesia.*
