

PwC Indonesia Actuarial Services

Not Only Insurers

We provide insight and solutions for all businesses facing significant and complex risks, not only insurers.

Managing Risks and Capital

Our advice and support can help you manage risk and capital more effectively, providing a more informed, efficient and sustainable basis for value creation.

Make Data Talk

We use data to derive business insights and drive evidencebased change, using statistical techniques to understand the underlying drivers of behavior. We understand the potential pitfalls you face and know what works in practice, helping you in the development of your own best practice.

Bring the Future to Life

We develop models to help with clients priorities and different business choices, understanding the impact these choices have on future financial, transactional, and operational goals.

Our risk and actuarial skills along with our predictive insights help our clients to act decisively on the issues that really matter.

Our unique offering
