Channel Islands' opportunities at PwC

Give us a little of your time and we'll give you the opportunity to discover what a career with PwC is all about. See how our different business areas work together; network with all our people, who'll give you an incredible insight into our culture.

Will Falle took the opportunity in his penultimate year at university to join our Summer Internship Programme in our Channel Islands' offices last year. He's secured a place on our 2015 Graduate Programme.

That's just one of many ways to experience PwC during your time at university. Another option includes an 11-month undergraduate work placement with us. Whichever route you take, it could lead to a permanent job offer with us. Like it did for Will.

Join PwC - we're focused on helping you reach your full potential.

Take the opportunity of a lifetime
