## In detail:

In this issue, we would like to outline a significant change in the procedure for obtaining permits to engage foreign employee.

According to a telephone message from Labor Authorities dated December 22, 2021, companies that engage foreign employees to Kazakhstan, should complete the processes in the electronic licensing system (Elicense.kz) by the end of **December 23, 2021**.

This requirement is caused by launching of the new system called "**Foreign Workforce**" and the planned conversion of data from the old system to the new one.

**Important!** This means that all applications for the issuance / renewal / correction / replacement of work permits, as well as payments, must be submitted **no later than December 23, 2021**. Payments and applications received on December 24, 2021 or later, will not be transferred into the new system.
