In brief

A new service has been launched for tax and other obligatory payments, without the need for authorization and signing by using an electronic key (on the eGov.kz portal).

In detail

To facilitate the timely fulfillment of tax and other obligatory payments, a mechanism now exists for making payments through the e-Gov portal with:

a credit card (MasterCard, Visa, American Express, Maestro, Cirrus),
a QR-code (HalykBank Homebank scan and pay, Kaspi.kz)
the balance on a cell phone (Kcell active, Beeline).

To pay on the eGov.kz portal, you should go to the "Payments" section - "Taxes and Customs" - "Paying taxes and other obligatory payments to the budget" and execute the service by clicking on "**Pay online**".

Following payment, an electronic receipt will be provided. Payment must be made using the taxpayer's **card**.

Currently, the eGov.kz portal allows paymentment of **18 types of taxes**, including corporate tax, individual income tax, social tax, property tax of legal entities and individual entrepreneurs, land tax, tax on vehicles of legal entities, single land tax, VAT, excise taxes, special payments and taxes of subsoil users, rental export tax, gambling tax, fixed tax, fees, customs payments, other payments and duties.
