Company track record and achievements (+experience in China)

Over the past 3 years, our company has been progressively entering the markets of other countries. Today we sell our products to many regions of the Russian Federation, we have distributors in the markets of Kyrgyzstan and Belarus. We are negotiating the supply of goods to Afghanistan, Turkmenistan, Tajikistan, Uzbekistan and Belarus. An agreement on export work was signed with a German company (we are preparing the necessary package of documents for export to the EU). We work with both distributors and retail chains.

At the beginning of 2019, oat flakes were supplied to Guangzhou, China.

Product 1 - Flakes

- Indicative pricing: 0.40 USD excluding VAT and shipping, middle price segment
- Packaging size: 400 grams, 16 packs in a box
- Shelf-life: 12 months

Features and benefits

Oatmeal is extremely important for a healthy diet. They are intended for cooking cereals, side dishes, jelly, used as a dressing for soups. Flakes are obtained by steaming and short-term laying of cereals, flattening and drying. Cereals and oat flakes have a high nutritional value, the chemical composition of the flakes includes the most important components for health: potassium, magnesium, phosphorus, chromium, iron, manganese, iodine, fluorine and many others.

Product track record and achievements (+experience in China)

We sell assorted oat flakes in the Republic of Kazakhstan and the Russian Federation. In 2019, the first batch was delivered to Guangzhou, China.
