

SAF-T testing

Relax and be confident that your SAF-T is correct and not hiding risks

PwC SAF-T Visualizer

Does your SAF-T remind you of a “black box”?

Are you sure that the data in your SAF-T is correct?

Can you properly test your SAF-T?

Do you know what the Tax Authority will discover in your SAF-T data?

Do you know what kind of tax risks and errors may be revealed by reconciling your SAF-T data with data reported in tax returns and other reports?

Full SAF-T testing

By using our software, we will check the significant volumes of detailed accounting data in your SAF-T. This cannot be done manually.

Data quality testing

We will test your SAF-T data quality by running 140+ accounting, tax, mathematical and logical tests. As a result we will provide you with a report and detailed data tables.

Tax risks evaluation

We will identify tax risks from SAF-T, i.SAF, tax returns and other data, by running our software tests.

Preparation for tax audits

We will help you be prepared for the Tax Authority's tax audits. We will explain to you SAF-T testing results and propose solutions.
