

Saudi Arabia: Thirteenth Wave in the Integration Phase of Electronic Invoicing

July 2024

In brief

On 28 June 2024, the Zakat, Tax and Customs Authority (ZATCA) announced the criteria for the Electronic invoicing (E-invoicing) Integration Phase Wave 13 participants. As per the announcement, VAT-registered taxpayers that have an annual taxable revenue (taxable supplies) exceeding SAR 7 Million during the calendar year 2022 or 2023 are required to integrate their E-invoicing solutions with the FATOORA platform starting from 1 January 2025.

The official announcement can be accessed through this [link](#).

In detail

As a recap, E-invoicing in KSA was introduced earlier in two phases:

- Generation;
- Integration.

The Generation Phase already went live in December 2021, whereas the go-live date for the Integration Phase, as per the respective Wave announcement, is as follows:

Wave	Effective date	Revenue (SAR)	Revenue period

12	1 December 2024	>10 million	calendar year 2022 or 2023
*13	1 January 2025	>7 million	calendar year 2022 or 2023

“

VAT-registered taxpayers having taxable revenues exceeding SAR 7 million should integrate their E-invoicing solutions with the FATOORA platform effective 1 January 2025.

”

* It is expected that ZATCA will send an official email to all taxpayers who have been selected as part of Wave 13 of the Integration phase of E-invoicing.

The takeaway

Taxpayers are recommended to assess their revenues for calendar years 2022 and 2023 to ensure readiness for the Integration Phase of E-invoicing and to implement the required changes. The integration phase entails a comprehensive review of ERP systems to ensure smooth integration with the ZATCA system.

Taxpayers are recommended to conduct a gap analysis and take the required actions at the earliest.
