

## The new law for implementing General Data Protection Regulation is effective as of 24 February 2020

The new law provides **18 months deadline** for complying with its obligations and requirements.

### Are you ready for the new era of data protection?

- Do you have your records of processing activities in place, as per the requirements of the new law?
- Do you have a mechanism to identify, assess and report a data breach?
- Do you know how to respond and process a complaint or request from a data subject?
- Is a data protection officer assigned?
- Do you know your data processors (vendors, contractors) and their roles in each data processing?
- Have you performed already data protection impact assessment, as per the requirements of the new law?
- Have you trained your employees?
- Do you have the internal organization and control framework in place?
- Do you have resources to follow and implement Macedonian legislation changes in terms of data protection? And what about potential claims?

# Questions

never

end
