

## Corporate governance and its ESG aspects

27 June 2023

Directors and management team members are increasingly facing the challenge to solve Governance challenges caused by Environmental, social and governance (ESG) disruption and wider large scale transformation. In Mongolia, ESG reporting requirements have been introduced under certain regulations in the past year including the recent Corporate Governance Codex but ESG knowledge and practical experience are still in the process of developing and that there is a need for management to understand ESG issues within the context of corporate and tax governance. In this training, we are excited to share our knowledge and experience on key considerations and practical issues of Governance aspect of ESG particularly on focusing corporate governance and tax governance to help you delivering on the regulators, shareholders and stakeholders' expectations while managing liabilities for the management and the company.

### Training Agenda:

#### G in ESG:

- ▣ Concept of governance;
- ▣ Governance laws and regulations;
- ▣ Corporate governance;
