Easing your tax processes

The PwC team has been working on the development of a tax computation software, **experTax™** and has been trialing it for the past 3 years with a positive impact on cost and effectiveness.

experTax™ has been developed in collaboration with the Mauritius Revenue Authority (“MRA”) and the Mauritius Network Services (“MNS”) to provide a seamless and integrated technological tool to users.

The **experTax™** team caters for tax changes in the Mauritius legislation and updates its functionalities.

Accredited by SECFORCE
