Diversified group structure may make back a comeback

OVER STORY

leadership transition…ACILITIES heelfor Asian family businesses

BY LEIYNA LIN

ack in 2011, the tussle between Macau tycoon Stanley Hua-
ley’s brother created un-

CITATION

certainty over the direction of his business empire and
casted the share price of Hong Kong-listed SMI Holdings Ltd.,
which he operates as Macau casino business, to plunge.

The company, which ownership of handwritten notes and even You-

rang says, pointing out that families
to exit their businesses, compared

TIP: The Editable Research framework includes the following features for a more accurate understanding: 1) The text is automatically parsed into sentences and paragraphs, 2) The entities are extracted and linked to knowledge graphs, 3) The relationships between entities are modeled using graph theory, 4) The semantic meaning of the text is captured using natural language processing techniques, and 5) The text is translated and summarized in multiple languages.

Note: The Editable Research framework aims to enhance the accessibility and understanding of scientific research by providing a structured and interactive way to read, analyze, and utilize the information presented in the text.
