

ICAgile Fundamentals Certification

A public workshop by PwC's Academy

In this 2-day experiential workshop you will learn about developing agile mindset, values, principles and foundational concepts. You will learn the meaning of being agile and how to achieve organisational agility with broad focus on framework for a successful Agile journey.

Who is this for:

Professionals with no previous experience in agile

Managers, Team Leads, Department Heads

What's in for you?

- It's all about Agile fundamentals, and foundational concepts
- To develop the Agile mind-set and handle the culture challenges that come with adopting agile
- To compare and contrast the most popular Agile approaches, including Scrum and Kanban
- To create a strong focus on the delivery of customer value
- To develop self-organising teams that frequently deliver valuable, high-quality products

Available session:
