

US GAAP & Regulatory update - Staying ahead of the curve

A public seminar by PwC's Academy

5
August
Wednesday

9.00 AM – 1.00 PM
G Hotel, Penang

Early bird ends: 5 July 2026

This seminar is designed for finance and accounting professionals within US based multinational organisations who are involved in the preparation of financial statements in accordance with US GAAP, or who encounter US GAAP related matters in their roles.

It is also highly relevant for individuals involved in group reporting, as well as academics and other stakeholders who wish to stay up to date with the latest developments in US GAAP requirements.

Participants will gain insights into recent changes in accounting standards and regulatory expectations, including key considerations surrounding financial reporting and internal control requirements introduced under the Sarbanes-Oxley Act of 2002.
