IFRS 16 - Accounting for Leases

The new lease standard requires almost all operating leases to be on the balance sheet. Join us in this class as we walk through the details of the new standard. You will find out how to assess contracts to determine if it contains a lease, principles regarding right-of-use assets and lease liabilities, what happens when there is a lease modification and other key changes.

IFRS 9 & 15 refresher course

It's no longer news that financial instruments and revenue standards have been replaced! Do you have an understanding of the new standards on financial instruments - IFRS 9, or Revenue - IFRS 15? Perhaps you need a quick refresher? Or do you need to address certain issues you may have experienced in implementing these new standards? We've got you covered with this session. Practical issues around the IFRS 9 ECL model and complexities that may arise whilst applying the IFRS 15 five-step model will also be addressed.

Executive IFRS Training (overseas) **

This two-day training is designed for executives. It is held in an amazing location, overseas. The training provides an awareness of recent trends in financial reporting; new standards effective this year, implementation challenges and industry practices; amendments to existing IFRSs' and other business application issues that executives need to know.

Accounting for Financial Instruments (IFRS 9) for micro finance banks

Are you an MFB? Do you need to understand the technicalities of building a model? We are here to put you through. This one day training includes detailed sessions on how to develop an ECL model and resolve the complexities that arise. We shall also discuss how to re-calibrate current models to support year end reporting.

IFRS 17 - Insurance contract

IFRS 17, which is effective 1 Jan 2022, brings significant changes to systems, processes, data, reporting, technical and organisational requirements. Given the peculiar requirements and challenges in all these areas, it is imperative that you commence your IFRS 17 journey NOW. This session will focus on the implication of IFRS 17 for the insurance industry in Nigeria, potential challenges with the implementation of IFRS 17 and possible approaches to addressing these challenges.
