Learning Management System

Key Features Include:

- 24 /7 Access: Learn anytime and anywhere
- Customized Learning paths, and assessments

In-Person Session Management: Course / Content upload, assign learning, seamlessly organize and track attendance, and facilitator feedback for all our training sessions.

E-Learning Modules: Access a wide range of interactive courses that cater to various key topics, ensuring our clients stay ahead in their fields.

User-Friendly Interface: Intuitive design for easy navigation and a smooth learning experience.

Progress Tracking: Monitor learning progress and performance with detailed analytics and reports.

Assessment: Compilation of all forms of assessment.

We believe this LMS will significantly enhance the delivery of the modules and provide the participants with the knowledge and skills they need to excel. We can discuss with you how to incorporate this in the delivery of the training as well as the cost.

Our Learning Management System (LMS), is a seamless, innovative and scalable solution designed to revolutionize our client training programs. This innovative tool will streamline the management of in-person sessions and provide a comprehensive suite of e-learning modules on critical subjects such as Sustainability, IFRS, Cybersecurity, AI, and many more.

Access a wide range of interactive courses covering various topics on ESG, Cybersecurity, AI, etc. Our fee structure for the 1 Year plan is outlined below, and the cost is per user.

1 year subscription fee breakdown.	
Up to 1500 users	36,000.00
Up to 1000 users	38,000.00
Up to 750 users	40,000.00
Up to 500 users	43,000.00
Up to 250 users	47,000.00
Up to 100 users	48,000.00
Up to 50 users	50,000.00
