PwC Careers

Join our community of solvers working to drive long-lasting positive outcomes. Let's create an impact together.

We invite you to apply for the following opportunity based in Port Moresby:

Monitoring and Evaluation Manager

Joining our Advisory Services team, the Monitoring and Evaluation (M&E) Manager will be project-based and will be seconded on a full-time basis to the COVID-19 Vaccine Taskforce (Taskforce) to support the COVID-19 vaccine delivery in Papua New Guinea.

The M&E Manager carries significant responsibility to support the M&E Director in ensuring the operationalisation of M&E across the Taskforce strategies, and ensuring compliance to standard operating procedures and data flow processes. The role entails analysing data, driving evidence and data-based decision making, as well as presenting data in donor reporting, data audit compliance and key stakeholder meetings. A strong focus on validation is also critical, as the role requires liaising across teams such as the Surveillance team and the Risk Communication and Community Engagement (RCCE) team.

The M&E Manager's key responsibilities include:

- working with the M&E Director and M&E Technical Assistance Group (TAG) in developing and implementing the Monitoring, Evaluation and Learning Framework (MELF), Performance Assessment Framework and required routine reporting templates and supporting schedule to meet all periodic reporting requirements
- supporting the M&E Director and the National Department of Health (NDOH) co-chair in administering TAG meetings and managing actions register
- supporting the M&E Director to identify and establish best fit data entry and analysis mechanisms including software
- liaising with the development partners to gauge their support to the Taskforce in carrying out M&E activities
- supporting communications and the RCCE team to deliver on all aspects of the MELF underpinning each of the activities within the Taskforce Operational Blueprint
- supporting the Expanded Program on Immunization (EPI) Adviser within the Taskforce to review submitted implementation and micro plans to ensure they align with higher level plans for vaccine deployment
- monitoring completeness and timeliness of COVID-19 vaccination reporting submissions
- liaising with the Surveillance team to review existing data management and reporting system and considering ways to improve data analysis and development of data products
- analysing the COVID-19 vaccination administrative data, vaccination monitoring data and Adverse Events Following Immunisation (AEFI) surveillance data.

The ideal candidate for this position must at a minimum possess the following:

- at least five years' experience in monitoring and evaluation management and implementation in PNG in a health and/or development context
- strong knowledge of PNG government systems and an understanding of the PNG health sector
- strong writing, qualitative and quantitative analytical skills and has competent presentation development skills
- excellent communication skills and the ability to work effectively in a high functioning team
- strong ability to form respectful partnerships and build engagement with key stakeholders
- high levels of flexibility and ability to work in fast-paced, stressful environments
- willingness to work long hours and respond quickly to issues and problems
- a team player, effective communicator, driven to support accountability for delivering and reporting results
- willing and able to work in a multidisciplinary setting and to value different perspectives and robust feedback
- able to work beyond the call of duty.

PwC is Papua New Guinea's leading professional services firm. We offer in return a competitive salary package, commensurate with experience, and an environment that encourages you to do meaningful work and make an impact.

Send your application

Suitably qualified and interested candidates are to submit your curriculum vitae and a cover letter addressing your skills and experience against the above criteria. Please attention your application to Jennifer Lee.
