PwC Careers

PricewaterhouseCoopers (PwC), Papua New Guinea's leading professional services firm, invites you to apply for the following opportunity based in Port Moresby:

Strategy and Transformation Associate

You'll be working with our Strategy and Transformation team in developing digital solutions to improve the way we work as well as championing the use of digital tools within the firm. You'll be part of our community of solvers under Internal Firm Services, which support the client-facing business units. You'll focus on helping our teams automate some of their processes as well as act as the key contact person for some of our digital tools.

In this role, you will be responsible for:

- proposing and creating solutions to help automate and/or improve processes
- executing the Digital Academy, PwC Network's curriculum for data analytics and visualisation
- supporting the firm's digital upskilling initiatives through facilitating trainings and curating e-learns available within the PwC Network
- developing knowledge of some of PwC's digital tools and acting as the day to day contact person for these
- researching on available tools within the PwC network and how these could be used to create digital solutions.

You will be a self-starter who's able to initiate self-directed learning of PwC's digital tools and suggest ideas on how these can be used to solve team's pain points. Essential skills in this role include willingness to learn, creative problem solving and being a team player.

You will ideally hold a tertiary qualification in computer science or a related field, with at least two years of experience in a similar role. Experience in managing digital projects, programming, as well as data analytics and visualisation will be ideal.

What you get in return

PwC offers in return a competitive salary package, commensurate with experience, and a professional, supportive environment that inspires you to be your best.

We are the leading professional services firm in PNG, working with large local and international clients. We are a dynamic team and we collaborate with our peers across the PwC Network and seek to ensure we are continually innovating and growing.
