Advisory Services

PwC Rwanda advisory practice comprises of Deals and Consulting. Our aim is to support you in designing, managing and executing lasting beneficial change based on trusted relationships, deep industry knowledge and professional experience.

Our advisory line of service offers financial based assistance, analytical and business process skills to corporations, parastatals and intermediaries in the implementation of strategies related to creating /acquiring /financing business, integrating them into current operations, enhancing performance, improving management and control, dealing with crises and restructuring and realizing value

We are well known in the marketplace for our knowledge and experience in all types of financial transactions. Our financial, analytical and business process expertise and industry-specific knowledge informs the implementation of strategies for corporations, government entities and intermediaries.

We help organisations to work smarter and grow faster. We consult with our clients to build effective organisations, innovate and grow, reduce costs, manage risk and regulation and leverage talent.

We help our clients to identify and implement cost-saving initiatives, improve management and control, identify and manage risk and improve quality, address financial under-performance and manage cash flows.

Our deep understanding of finance, risk management/compliance, IT systems, operations and human resources facilitates an integrated approach.

We'll offer clients something they can't get elsewhere: a combination of strategy consulting expertise, and a proven track record of delivery, with unrivalled global scale and experience.

Clients will be able to get practical strategy advice from people who understand the opportunities and risks involved in implementation – and strategic execution skills from people who understand the context.
