

PwC Rwanda Capability Statement

Assurance Services

Assurance Services

Assurance and Audit Services

Assurance Services

Our Assurance line of service aids the clients to enhance financial performance as well as helping them improve their external financial reporting and adopting new regulatory requirements. Accounting and regulatory advice is also offered.

Our Assurance Service is not only valued for its compliance with professional standards, but also for its relevance to our clients' businesses and the insight it provides to management. Our approach places particular emphasis on the link between the performance of your business and the financial information you report to stakeholders.

With our depth of experience, and our knowledge of all industry sectors, we are able to offer you a broad range of innovative, cost-effective solutions that respond to both global and local business issues.

We offer assurance services that are focused on your specific management needs. Audit efficiency and timely preparation of financial statements are the cornerstones of our assurance services. Our audits are performed with precise service commitments that add value and minimize risk.

Our approach starts with in-depth understanding of the industry in which you operate and what is happening in your markets.

We understand your strategies and business objectives, and then work through your organization to understand what drives value, and ensure that financial reports and related non-financial information properly reflect the performance on your company.

Assurance Services

Understanding your industry is key to providing a service that is tailored to the special requirements of your business. Our professionals are dedicated to industry groups, where they are immersed in the important issues, emerging trends and business practices that make your industry unique.

We also have the Risk Assurance services which is the embodiment of our commitment to working on the most challenging issues with system audits to deliver better services for our clients. We partner with our clients, providing them with innovative solutions to the variety of strategic and other challenges that they routinely face.

Within Assurance, we have our Government and Public Sector (G&PS) which is the embodiment of our commitment to working on the most challenging issues with governments, non-governmental organizations and international funding institutions to deliver better services for our clients.

By working in partnership with our clients through our extensive network of local offices, we obtain a thorough understanding of local issues and then draw on best practice solutions from our global network of skills and capabilities to deal with those issues. Governments and their development partners often employ our services to obtain assurance that resources are expended on intended purposes and for optimal value.

Risk Assurance Services

We offer Risk Assurance services which is the embodiment of our commitment to working on the most challenging issues with system audits to deliver better services for our clients. We partner with our clients, providing them with innovative solutions to the variety of strategic and other challenges that they routinely face.

Assurance Government and Public Sector

PwC Rwanda's Government and Public Sector (G&PS) service is responsive to the challenges faced by governments and their development partners. We help to maximise capacity, improve internal controls and realise their short, medium and long-term goals.

We offer a wide range of services including financial audits, agreed upon procedures, technical support in the implementation of IPSAS/IFRS, gap analysis & compliance reviews, monitoring and evaluation reviews, special reviews, organisational capacity assessments among others.

Integrating our expertise in strategic change, process improvement and technology, we provide solutions to government, ministries, agencies and other institutions as they strive to improve delivery of services to the people.

In addition, governments and their development partners deploy our services to obtain assurance that resources are expended on intended purposes and for optimal value. We support and work in partnership with governments in all the countries in the Africa Central region, international agencies and both local and international donor agencies.

The G&PS Rwanda Team serves our clients around the following key areas:

- Local regulatory & economic conditions
- Accountability & transparency
- Capacity building
- Internal controls
- Innovation
- Fund management
- Public policy advice
- Support in implementation of public sector reforms
- Accountability and Assurance services
