

# International Tax Workshop

[Full day training]

## Upcoming runs in 2023

Run 1: 14<sup>th</sup> April 2023

Run 2: 9<sup>th</sup> June 2023

**Time:**  
8.45am – 5.45pm

**Venue:**  
PwC Singapore Office  
(Virtual delivery available)

## *Objective*

To provide participants an in-depth understanding of international tax considerations on outbound investment decision.

## *Who should attend?*

Directors, managers or other decision makers on corporate strategy for internationalisation.

Basic tax knowledge will be required.

## *Overview and benefits of attending*

The global tax landscape is constantly shifting and tax function is expected to contribute to a business's success and drive growth. As such, there is a greater need for its finance team to be geared up on international tax knowledge as businesses look to internationalise.

This workshop will train participants on broad international tax considerations on internationalisation. The workshop will dive into key areas that covers type of investment vehicles, financing strategies, profit repatriation and exit/divestment considerations.

This workshop is highly recommended for businesses that are considering outbound investment options, for finance and tax practitioners to broaden their tax knowledge and keep abreast on international tax issues. Participants are strongly encouraged to ask questions throughout the workshop and quizzes will be conducted. A detailed case study modelled from real-life scenarios will also be presented to harness learning.

We have conducted this course for participants from different industry including but not limited to, retail and consumer, telecommunication and technology, transport and logistics, pharmaceutical, etc.

## Training outline

- Market entry structures
- Financing and investment methods
- Profit repatriation
- Exit/divestment considerations
- Withholding tax concept
- Singapore foreign tax credit mechanism
