

# Finance for Non-Finance Professionals (FNFP)

**Next runs:**  
21-23 November 2022  
(Confirmed)

**Time:**  
Day 1 & 2: 9am – 5:45pm  
Day 3: 9am – 5:30pm

**Venue:**  
PwC Singapore Office  
(seminar room)

## Objective

To raise the level of financial awareness of participants and enable them to use the financial information provided to make better short-term or long-term decisions in managing their businesses.

## Who should attend?

Directors, managers or anyone who uses financial information in the course of their work.

Prior knowledge of accounting/finance is not required.

## Benefits of attending

There is a greater need to understand financial information, particularly the balance sheet, profit and loss account and cash flow statement as companies strive to enhance their shareholder value. Decisions made without properly understanding the financial implications may lead to reduced profits (or even losses) and a reduction in shareholder value.

By raising financial awareness, participants are better able to manage businesses' revenues, costs, profits and cash. Participants will also be able to use their new financial knowledge to make more effective decisions. This workshop will provide basic financial principles and cover generic financial management tools necessary for decision making. Learning is achieved via practical examples which reinforce the theory; case studies and short exercises; and topic-related internationally acclaimed videos which successfully simplify the financial topic for the non-financial person.

Participants will also go through a highly interactive board game, (ProfitPlus™) which allows participants to experience how transactions affect the balance sheet and profit and loss account over 2 trading years. Participants also prepare year end financial statements. The ProfitPlus™ boardgame is many participants' favourite part of the workshop when we conduct in-house workshops for our clients.

**Over the past 20 years, this workshop has attracted over 14,000 participants!**

# Workshop agenda

## Financial statements

- Understand the main components of a typical set of financial statements or annual report
- Appreciate the key underlying accounting concepts used in the preparation of financial statements

## Business Analysis

- Know how to interpret financial statements and analyse businesses using the 7-step approach
- Perform a SWOT analysis using financial statements

## Cash Operating Cycle

- Understand the cash operating cycle and what affects a company's cash flow
- Manage the cash operating cycle

## Costing

- Know the different categories of costs which exist and their implication on costing
- Understand costing concepts, and apply them in making business decisions

## Budgeting, Forex and Taxation

- Have an appreciation of budgeting and the effects of foreign exchange movements and taxation on financial decisions

## Investment Appraisal Tools

- Understand the payback period, net present value and internal rate of return methods of project appraisal in decision-making
- Understand briefly the concepts of shareholder value, gearing and weighted average cost of capital

## Profit versus Cash

- Understand the difference between the impact on profit and cash of 15 typical transactions which companies undertake
- Be clear on why cash is king!

## Warning Signals

- Uncover and appreciate what some of the clear warning signals are in financial statements

“Packed full of goodness”

“Wonderful trainer, great pace, engaging”

“Very knowledgeable and patient in explaining”

“Concepts useful, trainer able to speak in layman's language and knowledgeable”

“I never thought Finance could be so much fun!”

### (Add on) Reference Book (S\$70 excl. GST)

Accounting for Non-Accounting Students, 9th Edition, by Dyson & Franklin provides real-life understanding of accounting by introducing the purpose and key ideas of financial and management accounting to students who have had little or no previous knowledge of the subject.

## About the workshop leader

### Tony Moore

Tony is a Director of PwC's Academy. Tony brings to the workshop many years of practical experience in advising major listed companies, statutory boards and international financial institutions on how to manage their businesses more effectively and efficiently.

Tony is widely recognised as one of Asia's leading finance trainers. He has conducted courses for numerous organisations and has presented this workshop successfully both regionally and internationally.
