# Masterclasses by PwC's Academy in partnership with INSEAD, Oxford University (Said Business School) and Singapore Management University

## The PwC-INSEAD Strategy Masterclass for Business Leaders

The PwC-INSEAD Strategy Masterclass is designed to help leaders of Singapore Enterprises learn and understand the key constructs, differentiating merits and critical application of **Red and Blue Strategies** which will hopefully help them re-think and develop an appropriate robust superior strategy to transform and drive their business forward.

Incorporating key concepts, methodologies and frameworks from “Blue Ocean Strategy” and “Blue Ocean Shift” (written by renowned INSEAD Professors W. Chan Kim and Renee Mauborgne) and practical insights and compelling use cases by senior PwC practitioners, this succinct 3-day Masterclass is designed to empower and liberate its participants with innovative and critical thinking in strategy.

## The PwC-Oxford Advanced Management and Leadership Masterclass for Business Leaders

This concise 3-day Masterclass is specifically tailored to support leaders of Singapore Enterprises advance their management and leadership skills in a globalised digital economy. The programme brings together best-in-class expertise from senior PwC practitioners and Oxford Said's world renowned faculty and academic prowess, making for a powerful intersection of leading edge theory and practical know-how for Singapore Enterprises.

Significantly, this Masterclass is adapted from the renowned and prestigious “**Oxford Advanced Management and Leadership Programme**” (consistently globally ranked Top 3 in the world by the Financial Times). Participants can expect to discover, learn, and discuss challenges and opportunities for sustaining strong organisational performance through superior management and leadership whilst addressing a myriad of key topics across strategy, innovation, data, technology, governance and sustainability.

## The PwC-SMU Chief Financial Officer Masterclass for Singapore Enterprises

This Masterclass is an intensive 4-day programme – jointly delivered by senior practitioners from PwC's award-winning and acclaimed Deals Advisory and the esteemed faculty from SMU's School of Accounting – which aims to help senior finance leaders of Singapore Enterprises equip/refresh themselves with the latest skills and knowledge/thoughts across seven critical subject areas pertinent to the Finance function, namely, CFO Leadership, IFRS updates, Data and Analytics, Business Valuation, Mergers and Acquisitions, Corporate Governance and Financing Strategies, to empower them to play a more significant role in driving transformation, innovation and superior organisational outcomes.

# PwC's Academy

Who we are, what we do and our prime value propositions

PwC's Academy is the specialised external training services arm of PwC Singapore. We leverage on our core technical competencies and deep industry knowledge, and translate them into powerful, practical and relevant experiential learning solutions to support the professional development and upskilling of professionals, managers and executives. In doing so, we aim to help companies (SMEs, large enterprises, MNCs, NGOs), industries and government build a resilient, agile, "green" and future-ready workforce.

## The PwC Difference

The world –class **Masterclasses, PwC Workshops and On-demand e-Learns** at PwC's Academy are designed and delivered by senior PwC practitioners and subject matter experts; these are practical oriented (featuring relevant hands-on exercises to enhance effective learning), involve real case studies, offer industry-leading knowledge and the latest insights.

Managers and Executives

We help professionals acquire technical and professional skills and knowledge to perform and advance in their careers

Human Resource and Learning & Development Leaders

We help HR & L&D leaders strategise, upskill, reskill and transform their workforce.

Senior Management & C-Suite

We help senior management and C-suite stay on top by understanding emerging trends, their impact and strategizing forward.

Industry

We help industry (for example: government, financial services) understand trends, analyse impact and stay on top of global challenges.
