

Drive quality. Build trust.

Join Assurance at PwC

Assurance Services

Leave a lasting impact in the world of business as we help our clients navigate regulatory complexities and strengthen trust and transparency.

Work at the forefront of AI-enabled Assurance

Our audit approach combines deep industry expertise with technology and AI-enabled tools to help us navigate complex regulations, identify risks, and deliver quality outcomes. As a leading global audit network, we serve SGX-listed companies, multinationals, and emerging businesses in Singapore.

As the profession evolves, graduates can expect to work with data, technology, and AI to generate insights, solve complex challenges, and build trust. This dynamic career combines analytical thinking, professional judgement, innovation, and a commitment to quality.

At PwC, you will gain exposure to data analytics, automation, and Generative AI, empowering you to work smarter, enhance audit quality, and help clients navigate an increasingly digital world.

Open doors to every industry.

Explore Tax at PwC

Tax

Tax shapes major decisions that businesses make – from overseas expansions to navigating global rules. Join us to guide clients through it, deliver solutions built around their ambitions, and grow a career that keeps pace with the world.

Work with and learn from industry experts

PwC has been consistently voted as the leading tax practice in surveys conducted by International Tax Review. With more than 500 tax professionals and directors, we help individuals and businesses, both public and private organisations, with tax strategy planning and compliance.

Armed with our technology and data tools, we are elevating the role tax plays in our clients' operations to improve their relationships with regulators and manage emerging risks, turning challenges into successes.

For graduates entering this field, it involves understanding tax laws, preparing tax returns, and advising on tax strategies. Tax professionals play a crucial role in ensuring compliance and optimising financial outcomes. This career demands strong analytical skills, attention to detail, and up-to-date knowledge of tax regulations.

Kickstart your profession in our many areas of expertise:

- Corporate Tax
- Financial Services Tax
- Transfer Pricing
- Goods and Services Tax
- Customs and Trade
- Employment Tax and Immigration
- NewLaw
- Digital Tax
